

## ENGINEERING DEPARTMENT

Bachelor's degree Civil Engineering – Academic year 2023/2024

### **Operating guidelines for the acquisition of University Credits (CFU) attributed to the English language-UniMESTONE Platform.**

In the study plan of the three-year degree course in Civil Engineering, the "English language" training activity is foreseen in the first year of the course; **students acquire credits attributed to the English language on condition that they demonstrate knowledge of the language at a level of the European standard B2.**

Knowledge can be demonstrated with recognized **certifications, of the same level (B2) or even of a higher level (C1, C2) issued by a certifying agency**, i.e., recognized as such for the guarantees provided regarding the standard of exams, by the Ministry for University and Research.

The most common certifications issued in Italy are:

- ESOL (issued by University of Cambridge/British Council)(certifications without expiration),
- GESE Esol e ISE Esol (issued by Trinity College London)(certifications without expiration),
- TOEFL (issued by Educational Testing Service) (certification valid for two years),
- IELTS (issued by BritishCouncil) (certification valid for two years)

The above certifications must be sent to the Unità Operativa 7 IngMift by e-mail addressed to [protocollo@unime.it](mailto:protocollo@unime.it).

Alternatively, it is advisable to also send certifications other than these. They will be forwarded by the U.Op. 7 IngMift to the Degree Course Coordinator for an evaluation by the Degree Course Council.

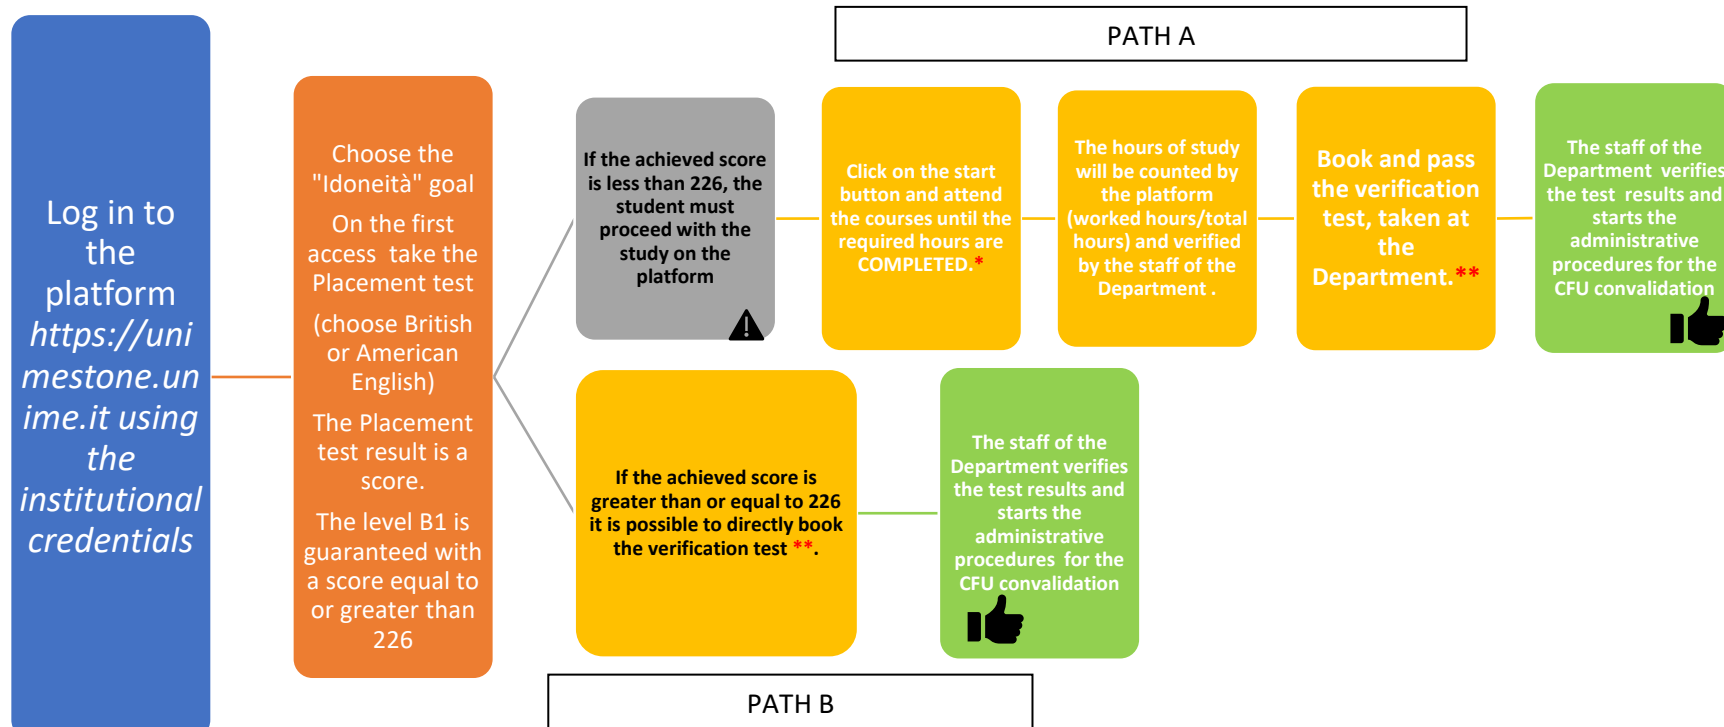

### UniMESTONE Platform

The credits attributed to the English language **can be acquired by students enrolled from the a.y. 2020/2021 onwards**, by accessing the courses provided on the UniMESTONE platform, available to students of the University of Messina. Students enrolled in previous academic years should contact technical support at [supportounimestoneingegneria@unime.it](mailto:supportounimestoneingegneria@unime.it).

In details the credits attributed to the English language in the bachelor's degree course in Civil Engineering of the Engineering Department:

Course of study	Linguistic proficiency (English language-CFU)	Hours	Level Goal
Bachelor's Degree Civil Engineering (if enrolled before 2022/2023)	3	75	B1
Bachelor's Degree Civil Engineering (enrolled from 2022/2023 onwards)	6	150	B2

## What must the student do, if enrolled before the academic year 2022/2023?

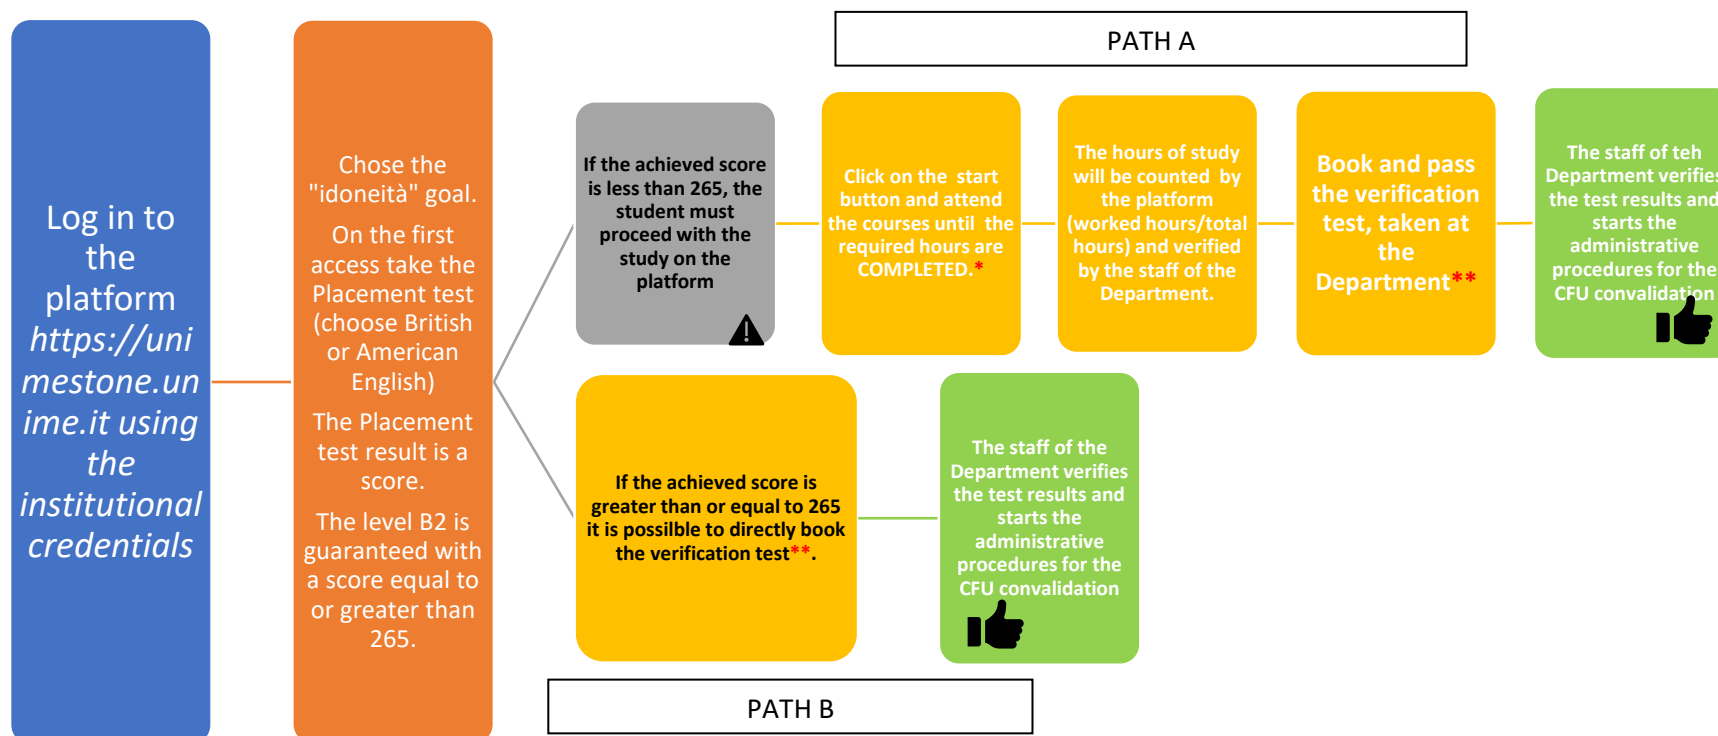

AT THE CONCLUSION OF THE COURSE WITH A POSITIVE OUTCOME, THE STUDENTS WILL HAVE ACCREDITED THE CFU REQUIRED BY THE COURSE OF STUDY WITHOUT ANY NEED TO SEND FURTHER REQUESTS

\*For support requests and for a verification of the worked hours, contact the following address: [supportounimestoneingegneria@unime.it](mailto:supportounimestoneingegneria@unime.it)

\*\*To book for the verification test, go to the webpage: <https://ingegneria.unime.it/en/didattica/unimestone/proficiency-test>
