

ENGINEERING DEPARTMENT

Master's degree Civil Engineering – Academic year 2025/2026

Operating guidelines for the acquisition of University Credits (CFU) attributed to the English language-UniMESTONE Platform.

In the study plan of the master's degree course in Civil Engineering, the "English language" training activity is foreseen; **students acquire credits attributed to the English language on condition that they demonstrate knowledge of the language at a level of the European standard B2.**

Knowledge can be demonstrated with recognized **certifications, of the same level (B2) or even of a higher level (C1, C2) issued by a certifying agency**, i.e., recognized as such for the guarantees provided regarding the standard of exams, by the Ministry for University and Research.

Please refer to <https://cla.unime.it/riconoscimento-idoneita-linguistiche/> for a list of recognized certifications.

The above certifications must be sent to the Unità Operativa 7 IngMift by e-mail addressed to protocollo@unime.it. They will be forwarded by the U.Op. 7 IngMift to the Degree Course Coordinator for an evaluation by the Degree Course Council.

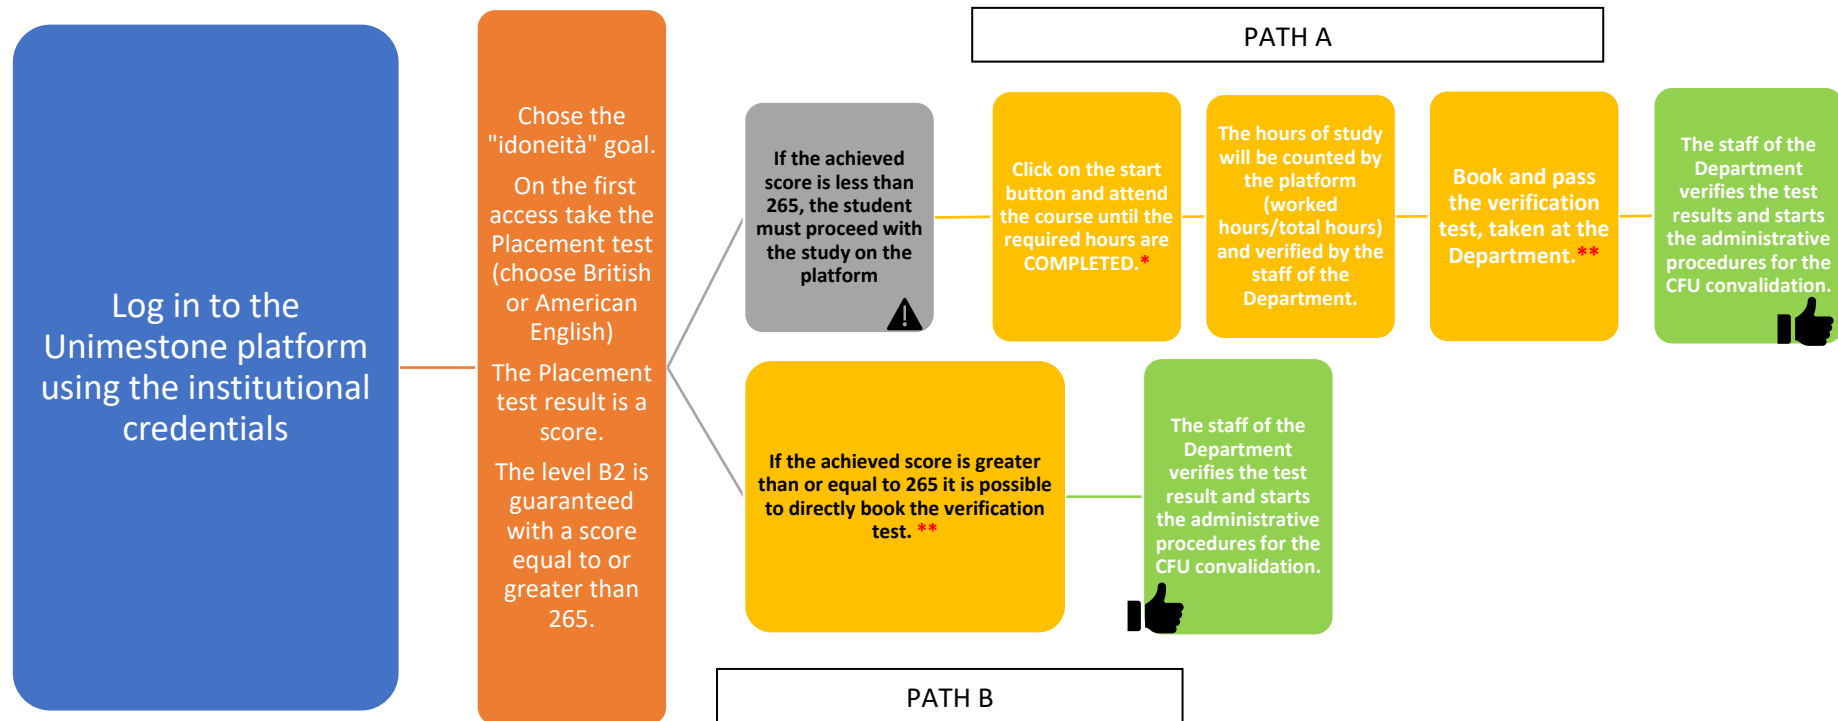

UniMESTONE Platform

The credits attributed to the English language **can be acquired by students enrolled from the a.y. 2020/2021 onwards**, by accessing the courses provided on the UniMESTONE platform, available to students of the University of Messina. Students enrolled in previous academic years should contact technical support at supportounimestoneingegneria@unime.it.

In details the credits attributed to the English language in the master's degree course in Civil Engineering of the Engineering Department:

Course of study	Linguistic proficiency (English language-CFU)	Hours	Level Goal
Master's Degree Civil Engineering	3	75	B2

What must the student do?

AT THE CONCLUSION OF THE COURSE WITH A POSITIVE OUTCOME, THE STUDENTS WILL HAVE ACCREDITED THE CFU REQUIRED BY THE COURSE OF STUDY WITHOUT ANY NEED TO SEND FURTHER REQUESTS

*For support requests and for a verification of the worked hours, contact the following address: supportounimestoneingegneria@unime.it

**To book for the verification test, go to the webpage: <https://ingegneria.unime.it/en/didattica/unimestone/proficiency-test>

Warning: The Placement Test CANNOT be taken more than once. If it was taken during a bachelor's degree program, the score already obtained will be confirmed.
